Fulton Market Cold Storage Co., LLC
Attention: Amit Hasak/Executive Vice President
1000 West Fulton Street
Chicago, IL 60609

Dear Amit:

Thank you for asking my opinion of my satisfaction with Fulton Market Cold Storage.

As you might not be aware of, Tri-Meats, Inc. was using Richwill Cold Storage in Chicago quite extensively until October of 2004. At that time another cold storage facility recently opened in Chicago and Tri-Meats, Inc. took full advantage of the savings in our in/out handling and storage charges. At the time, we were satisfied with the service given us; however, in an effort to reduce our costs, we regrettably made a move.

The past several months have been an administrative nightmare with respect to incorrect billing, having seven different contact people, lost product, and a lack in responding to my daily needs.

It is refreshing to be back at your facility knowing that my product is accounted for, your billing practices are in line with what we agreed to, and the flexibility you have always offered with our inbound and outbound movements.

Amit, Tri-Meats has enjoyed a long relationship with your company utilizing your facility for some of its needs in the Midwest. As we discussed, we are in the process to use you exclusively.

Continue doing what you do best, servicing your customers and maintaining your flexibility to handle the changes in our business.

Regards,

Richard D. Smurawski

President & Chief Executive Officer
